DESIGNED BY
ANNAEFFE

Hello, I am Anna Fraiese,
alias *annaeffe*.

Digital illustrator born in Naples
with a past as an architect and
advertising graphic designer.

I try to tell with **spontaneity**
the beauty of simple shapes and
complementary colors.

Rhythm, nostalgia, movement, the words
that describe my works.

Each project represents for me an
opportunity to deepen my research made
of drawing, reflection and occasional
flashes of intuition.

Curiosity and perseverance are part of
my creative approach, with which I try
to create the *well-made* stuff.

**Do you have a project you
want to tell me about?
Write me.**
