CARDAMOMO

CARMEN MAYA POSTA ∴ ILLUSTRATOR

Ciao!

I'l am an illustrator interested in **publishing**, particularly **picture books**, **literary illustration**, **non-fiction** (*I have a soft spot for decks, maps, and guides*) and **editorial**.

Curiosity has taken me down some unexpected paths. I studied **Media, Culture and Society** at the *University of Hull* (*any Robinson Crusoe fans?*), followed by **Natural Science**s at the University of Bologna.

Eventually, after years of practicing **Yoga** in India and Sri Lanka, I found my way to **Illustration**. I spent three years exploring digital & traditional media (*gouache fan!*) at the *Scuola Romana dei Fumetti*.

I work across **traditional and digital media**. My practice is rooted in gouache and extends into Procreate and the Adobe Creative Suite, allowing me to explore my visual inner world.
